The Poulenc Trio is excited to announce a new series of collaborations, entitled *In Her Voice*, featuring new music and virtuoso performances and compositions by amazing women. Booking now for the 2024-25 season, this project features a touring collaboration and new music by accordionist Hanzhi Wang; and works for Trio and voice, to be premiered in 2024 with the stunning star soprano, Shawnette Sulker.

*In Her Voice* includes two beautiful programs, the first, a concert collaboration with Hanzhi Wang, featuring *My Story* and the premiere of other works written by Wang for accordion and Trio, as well as a world-premiere work by another award-winning woman, *Breathing Light*, by Princeton-based composer Juri Seo.

## About Hanzhi Wang

### TWO WORLD PREMIERES!

Praised for her engaging stage presence and brilliant performances, **Hanzhi Wang** is the first accordionist to win the Young Concert Artists competition. Wang is also an emerging composer, writing heartfelt, intimate works that reflect her proud Chinese heritage.

**Juri Seo** is a Korean-American composer and pianist based at Princeton. She writes music that encompasses extreme contrast through compositions that are unified and fluid, yet complex.

Seo's new work, *Breathing Light*, is commissioned by the Poulenc Trio with support from the Steven Gerber Foundation.

The second program in the *In Her Voice* series features new arrangements, created for the Trio, of some of Poulenc's most beautiful songs. In 2024, the Trio will debut this program with soprano Shawnette Sulker at Kohl Mansion in San Francisco.

Each of the *In Her Voice* programs is a truly special concert experience. Stay tuned for more information on performance dates and locations, and get in touch to book an engagement!
