Etienne Gara
Violinist - Artistic Director

French-born violin virtuoso Etienne Gara has performed extensively worldwide in some of the most renowned venues. Committed to challenging musical boundaries, he appeared on Leonard Cohen's final album; collaborated with Benjamin Millepied and the LA Dance Project; created *Sketches of Miles*, a multi-stylistic exploration inspired by the work of Miles Davis; and founded MusiKaravan, an itinerant project bringing music wherever it was needed during the pandemic and beyond in Boris, a 1971 VW bus.

Gara's Artistic Residency (2021-2023) at the Younes and Soraya Nazarian Center for the Performing Arts in LA led to the creation of *Treelogy*, a musical response to the resilience of three iconic California trees facing devastating wild fires. Since 2019, he has been Artist-in-Residence at the USC Brain & Creativity Institute where he recorded his French Recital CD on the Leonora Jackson Stradivarius from 1714.
